

John 15:12 - *This is my commandment: love each other just as I have loved you*

Warmest greetings in the precious Name of our Lord Jesus Christ from the believers in assemblies in Pakistan. Grace of God and the love of Jesus Christ be with all of you. This is Sohail Dilbagh we are good and I am glad to say that God is using us to win lost souls for his holy kingdom in Pakistan. we have baptized dozens of new believers in village Herpra and in village 44. Many Hindus have repented and accepted Jesus Christ over the last few months. In Pakistan, Christians are very poor and many believers live in man-made tents, homes, and many families live in mud homes. Most of Christians sweep toilets and streets to earn something for their children. monsoon season brought terribly heavy rains and cloud burst rains brought heavy floods that covered 80 percent of the area of Pakistan. Many villages disappeared from the map of Pakistan and hundreds of poor people died in these floods. total 9 believers and many children died in our different assemblies and 30 tent homes gone with water. More than 25 mud homes in different villages got melted with water and rain. Our team of young men rescued believers men and women. we rescued old people. God used our team to rescue some pregnant women and infant children. crying and weeping believers were staying under open sky and rains was not stopping and God answered our prayers I am thankful to God who used you all to bless poor believers with shelter and food. We bought large tents and we provided shelter for our believers that were most affected. two children born in our camps and through your gifts we helped pregnant women by hiring a lady doctor. we provided medical assistance for sick and old patients. cries and tears and mourning was everywhere. people that lost their loved ones were in terrible pain and crying. God used all of you to provide food and medicine and shelter. your support comforted them and kept them alive and your support brought happiness on the faded faces of poor children that were frightened to see high and fast waves of water around them. some women got raped and we provided them shelter and medication to save their lives. now floods have gone but there are different diseases that are going on like diarrhoea, gastro, hepatitis and now dengue outbreaks. we set up medical camps for believers to save their lives. we have ordered tents for believers that lost their tents and we are helping people to repair homes and roofs and walls. we have repaired many tents and homes. we shall provide 4 water filter plants in four areas we preach. 10 people that had shops close to river have been destroyed. there was a hair cutter shop, a cycle repair shop, a fruit seller and some other small business. they lost everything what they had in water. though your support and love gifts will make them able to start their business again and we shall help them to do their business in some other villages that will be away from river so that water might not affect them again. Dear Brothers and sisters we are thankful to all of you for your great love and support and we believe that this is only God who used all of you to save the lives of poor believers in Pakistan. all elders and believers in different assemblies are thankful to you for helping them with food and everything they need. We are different parts of the body of the Christ and if one part hurts all body feel the pain and we see that you felt our pain and you came forward to help brothers and sisters in Pakistan that were drowning. Romans 8 teaches us, Problems and worries cannot separate us from the love of God. problems of this world cannot be compared with the joy and happiness that we shall get in heaven. once again we are thankful to all of you and all believers in different assemblies are praying for all of you.

God bless you all

Sohail +all believers and elders in all assemblies

Matthew 6:20

Store your treasures in heaven, where moths and rust cannot destroy, and thieves do not break in and steal.
